

Sexy Dance 4 / Set up 4

lundi 3 juin 2013

My favourite movie is Sexy dance 4. It is a comedy made in 2012.

The film begins on Ocean Boulevard in Miami, in Florida, where a flashmob, later identified as the MOB, shuts down Ocean Boulevard and cuts off the street with retro convertibles and dancing to music blasted by Dj Pénélope. When their dance is over, the MOB hops into their cars and speeds away, leaving behind a spray-painted glass featuring the words " THE MOB ". In fact the mob is organized by a street artist, Mercury, who never talks.

It's a very funny movie ! I like it I'm such a big fan but I don't know why...
